Small Animal Manufacturers Authorisation

(Schedule 6 – Exemptions for Small Pet Animals)

SECTION 1B

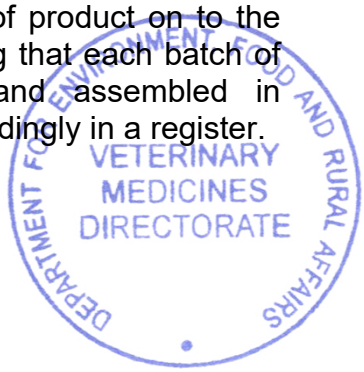
1. This authorisation covers the processes of manufacture and/or assembly and/or importation of veterinary medicinal products that fall within the scope of Schedule 6 (small animal exemption scheme) of the current Veterinary Medicines Regulations and are of the description or general classification at the premises specified and in accordance with the particulars set out in Section 3 by the authorisation holder named. All manufacturing and/or assembly and/or importation operations in respect of those products manufactured shall be conducted so as to ensure that the products shall conform to the standards of strength, quality and purity applicable to them in accordance with the specification made by the person to whose order they are manufactured and/or assembled and/or imported or the specification under which the products are sold or supplied.

   In relation to such products the authorisation holder shall either:

   a) provide and maintain such staff, premises and plant as are necessary for carrying out in accordance with such specification any tests of the strength, quality or purity as required by that specification, or

   b) make arrangements with a person approved by the Secretary of State for such tests to be carried out on his behalf by that person, and

   c) make arrangements for a Person(s) responsible for release of product on to the market to be available at all times for the purpose of checking that each batch of veterinary medicinal products has been manufactured and assembled in accordance with the appropriate provisions and to certify accordingly in a register.



Veterinary Medicines Directorate

SECTION 1B (continued)

2. The authorisation holder must inform the VMD, acting on behalf of the Secretary of State, in advance of any change to the details submitted or included in this authorisation. All changes must be approved by the Secretary of State prior to becoming effective. This includes any changes to named premises, persons, operations processes or structural alterations. If the business should change hands the new company or person must obtain a new authorisation prior to commencing operations. The manufacture and/or assembly and/or importation of any veterinary medicinal product pursuant to this authorisation shall not commence until a marketing authorisation has been granted naming the site named on this authorisation as being used for the manufacture of that product.

3. The names and addresses of holders of manufacturing authorisations for veterinary medicinal products together with addresses of authorised sites will be published on the EudraGMP database at www.eudragmp.ema.europa.eu or the VMD website on GOV.UK.

4. Further information and specified guidelines may be obtained from the VMD website www.gov.uk

5. Authorisation Structure

   This authorisation is divided into three sections.

   (a) Section 1 (this section) identifies the authorisation holder and its details.

   (b) Section 2 lists variations to the authorisation.

   (c) Section 3 contains the details relating to each site named on the authorisation. Annex1 contain the details of the Authorisation holder's sites while Annex 2 lists the Qualified Personnel. Annexes 3 and 4 list contracted sites (if applicable). Where the Authorisation holder has more than one manufacturing site, separate versions of Annex 1 and Annex 2 along with versions of annexes 3 and 4, as applicable, are included to fully capture the details for each.
